TESTIMONIAL

EMMA P

We hired Bombshell Bakes for our wedding at Christmas. Claire made a wonderful selection of donuts, millionaire shortbread, brownies and gingerbread, all of which were fantastic! One of our guests had 5 x donuts in one sitting and countless people let us know how scrummy they found it all. Particularly the biscoff brownies. Would definitely recommend

PILOT SKIES LTD

Bombshell Bakes provided a Friday treat for our company of 300. They complied with Covid regulations and testing and were able to offer us a range of gluten free and vegan cookies and brownies. The giant cupcake stand was very impressive and put a smile on everyones face! Would recommend to anyone wanting something special for their party/corporate event/wedding etc....
